W. 4th M. that S½. N. W Quarter, lying North of Pincher Creek. as I sent the first instalment ($117.50) under the impression that I was to have 156.50 acres, but on receipt of letter received from you, this portion included a right of way of the Fort Branch of the C.P.R which course I could not have. I would like to have the 8.50 acres which is a portion of the S. W. Quarter lying west of the river which you told me was still on sale. Now I shall be greatly obliged if you will let me know what interest is due from me for January 1907, (the time when I wrote to Lethbridge) but have received no answer, as I hardly know how I stand. Because there is the balance due to me from the 156.50 - & I did not have a definite answer from you regarding the 8.50 but if you will let me know what interest due I will send it on. I had hoped to have paid an installment but with last years crops not being so good as usual & having heavy expenses, it has made me rather short in my cash Perhaps you will let me know if there is any stated time in which to pay for the land.

RE SEED GRAIN

Sir:-

In reply to enquiry regarding seed grain, I have to imform you that it is hoped that settlers will be able to provide themselves with seed this year without looking to the Dominion Government for help. The prosecution of this war has imposed, with its very heavy expenditures and vast amount of work, a heavy burden on the Federal Government, which calls for the greatest possible co-operation on the part of all residents of Canada. Under the circumstances this Department will grant assistance only to destitute homesteaders, and furnish seed grain under the following conditions:-

1. Applicant must be a homesteader on unpatented land, and in destitute circumstances, or who has lost his crop lastyear by some calamity, and whose land would have to go unseeded but for the aid of this Department.

2. Only sufficient seed will be allowed for the acreage already under cultivation, and not more than 150 bushels of grain to any person.

3. All applications, before receiving any consideration from this office, will have to be certified to by the Dominion Lands Agent, in whose district the land is situated. This certificate to show that the land described was filed upon by the applicant, is in good standing and patent not issued.

4. Provided seed grain can be purchased locally by applicants, it is not the intention of this Department to ship any seed from outside points. Applicants should give name and address of the party, or parties from whom the seed they require can be purchased, and state the price per bushel, the Department to pay for the seed after the liens and all papers are properly completed and approved.

5. If the application receives favourable consideration, an official order will be issued from this office, accompanied by liens. The party to whom this order is made out, will supply to the settler the amount of seed stated thereon, after the lien has been signed and completed by the applicant and a receipt given for the grain so received. Any charges made in the papers exceeds same. The party supplying the seed will attach his account in triplicate also the order and the receipt for the grain, together with executed liens in duplicate, and send same immediately to this office. After all papers so received are found to be properly completed, a departmental cheque will be issued to cover the advance.

6. This Department will not be responsible for purchase of seed grain unless an official order is issued.

7. All settlers on patented land must apply to the Secretary-Treasurer of their Municipality.

8. Any applicant securing seed grain from this Department through any misrepresentation will be severely delt with.

Re: Account of Wagner Sevenson
N.W. 21-10-15 W. 4.

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a board to deal with such cases. Having completed an investigation I am now in a position to report as follows:

In 1911 Seed Grain amounting to $49.05 was advanced to Wagner Sevenson on the security of the above mentioned land. In 1915 payments of $31.25 and $3.75 were received and applied to the principal and interest. The present standing of this account is:-

Principal	Interest	Total
$ 25.11	$ 44.48	$ 69.59

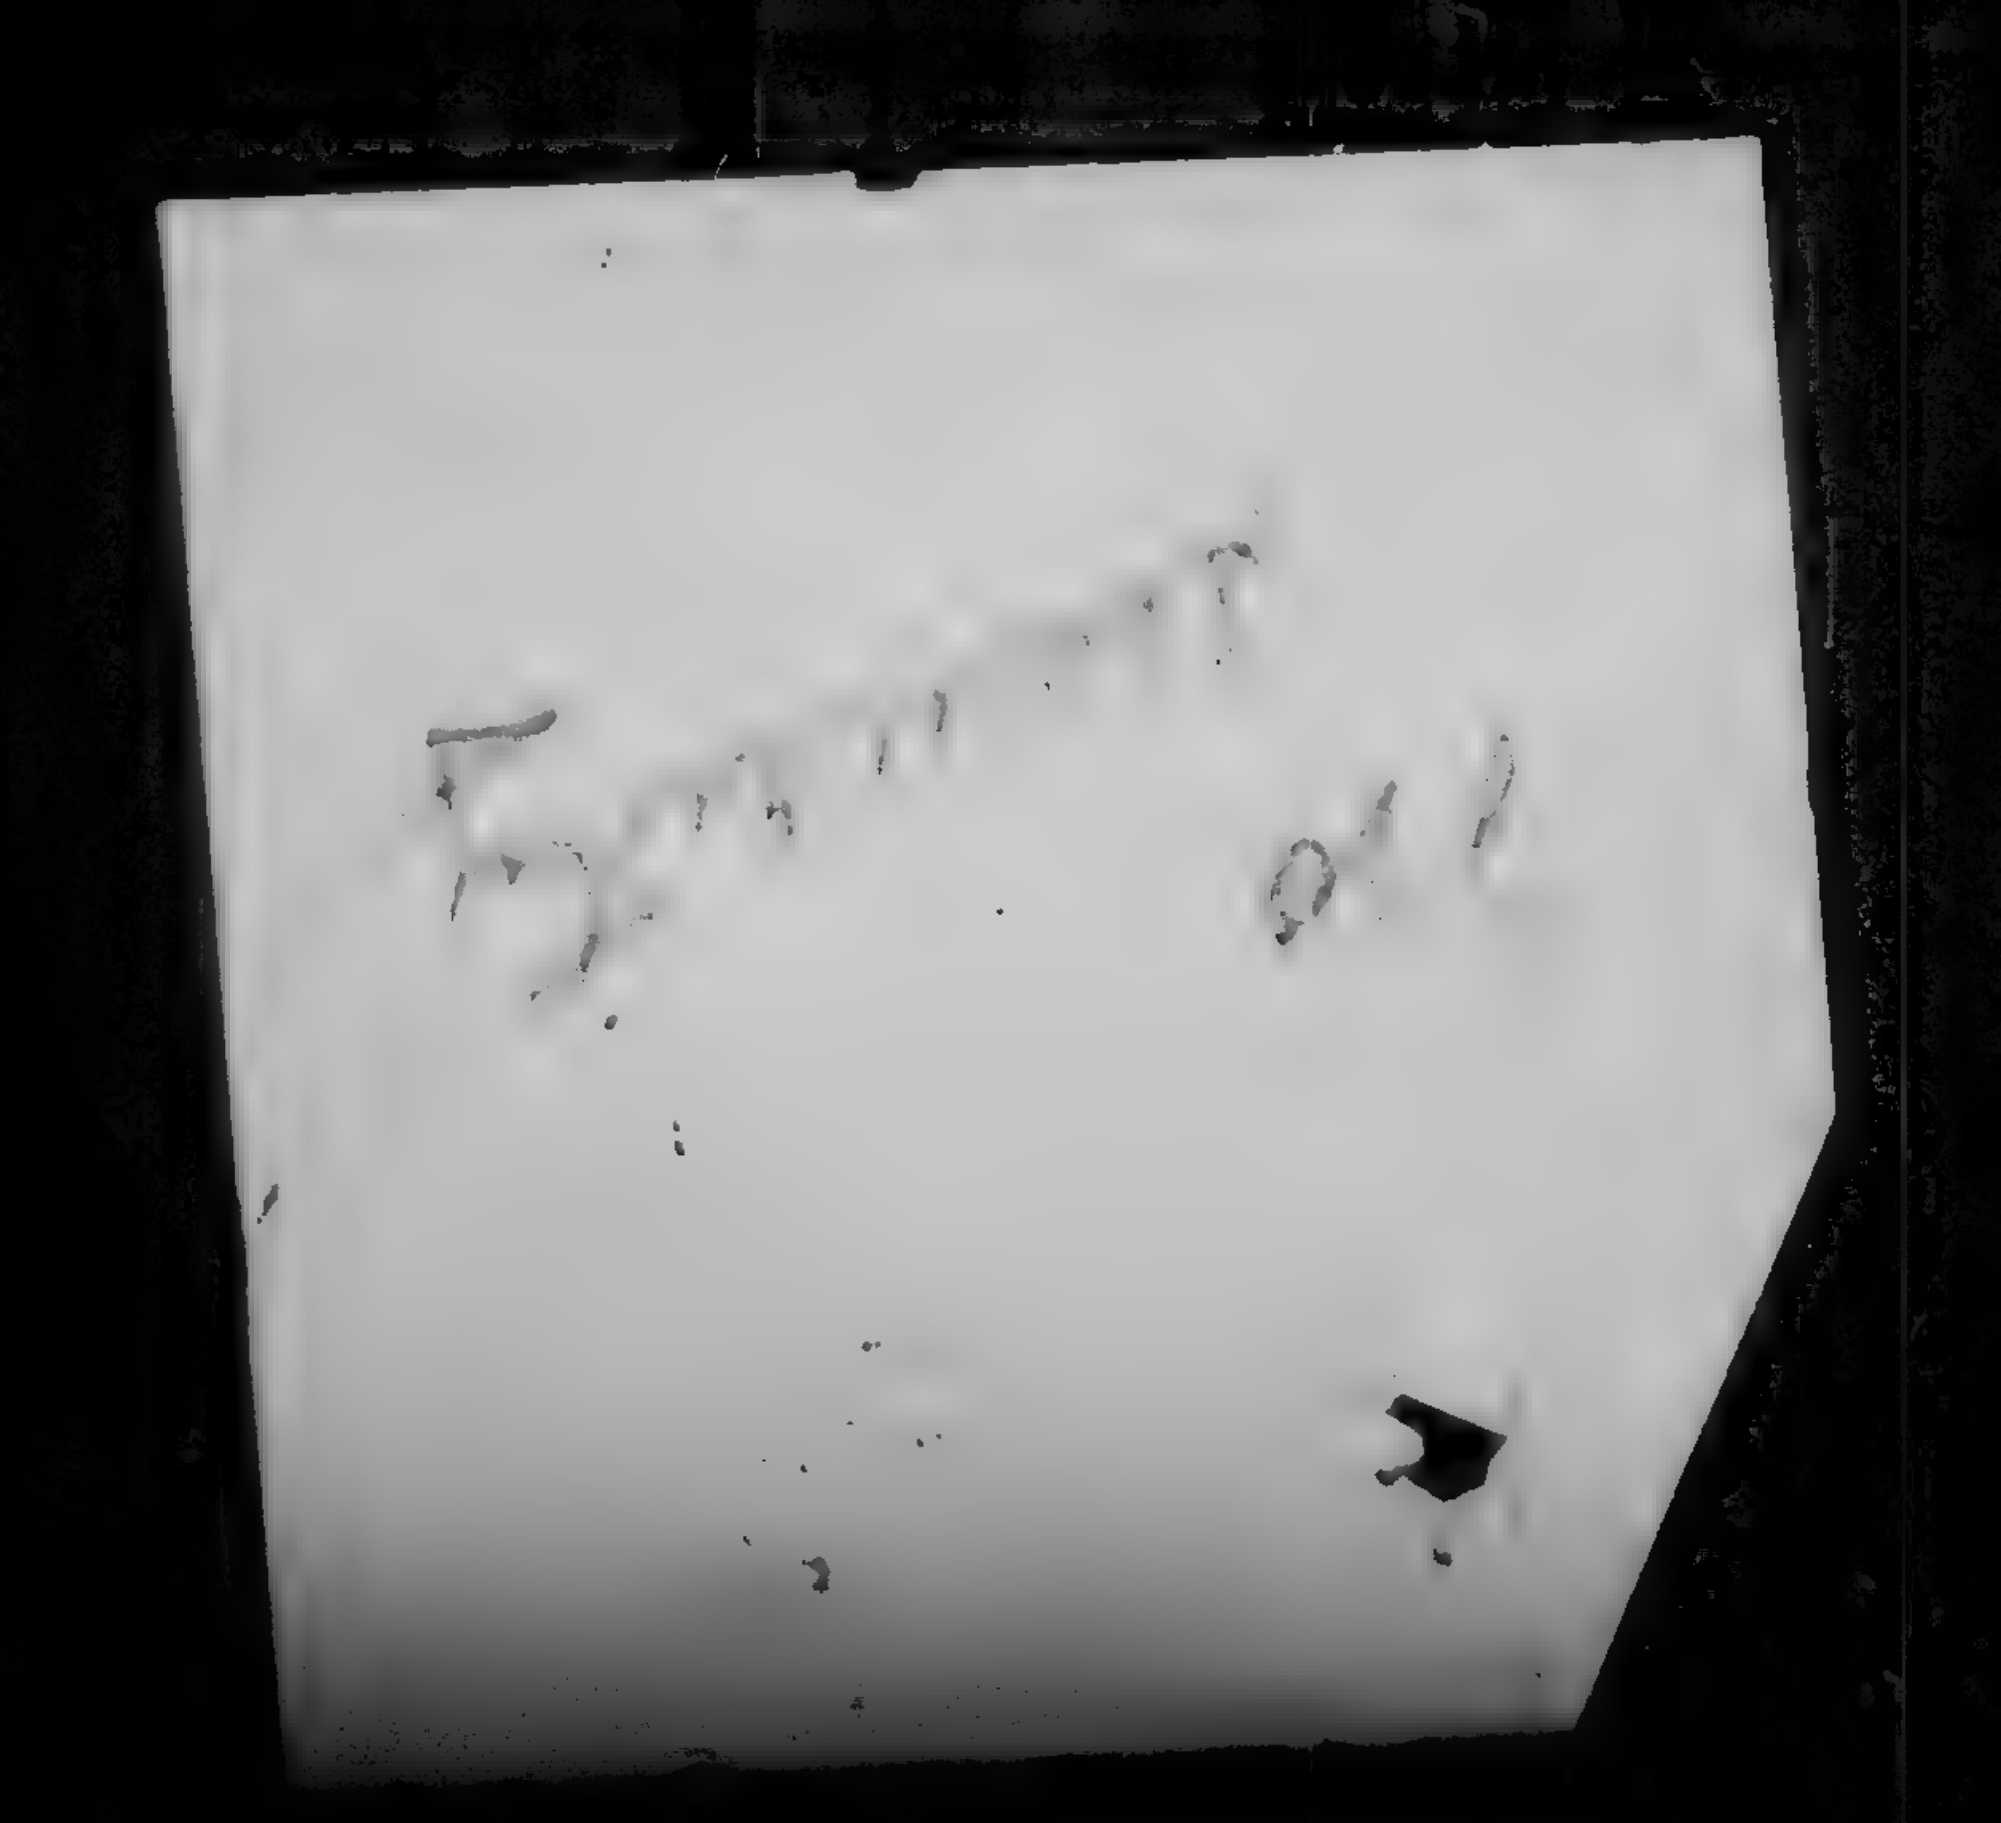

Wagner Sevenson obtained an advance of seed grain in 1911 on the security of the above mentioned land on which he was homesteading. In 1913 he abandoned his entry and in 1919 patent was issued in the name of David Williams. There is no record of the indebtedness having been registered.

In 1915 David Williams paid $31.25 and $ 3.75 respectively for improvements which was applied to the indebteiness to Wagner Sevenson. The whereabouts of the original lienee is now unknown and there is no possibility of collecting the balance of the account at this time.

As the original lien was never registered and there is no further security, it is recommended that the balance of the indebtedness be cancelled.

The Seed Grain and Relief Adjustment Board appointed under Order P.C. 5368, dated October 25,1949, having taken under consideration the attached report of the Chief Collector of the Collection Branch, Department of Municipal Affairs, numbered 11,070, APPR VES the settlement outlined therein and DOES HEREBY RECOMMEND:

Dear Sir:

Re: David Williams

Dominion Advances

The above party obtained the following Federal Advances giving as security liens on the title to the above land.

May 6,1918	$271.50
March 24,1919	270.15
	541.65
Interest to Oct.31/51	1,171.08
	$ 1,712.73

The debtor has long since disappeared and taxes were allowed to accrue on the above land with the result that the municipality eventually took title under the provisions of the Tax Recovery Act.

Due to the land location in one of the dryer parts of the province no sale materialized and when the St. Mary and Milk Rivers irrigation project was organized this parcel was transferred by the municipality to the Colonization Manager for a small consideration which did not bear any relation to the appraised value of the land. The Colonization Manager has acquired numerous parcels in this manner, in order to bring same under irrigation and make land available at a reasonable figure to farmers, veterans being given a distinct preference in the disposal of such land.

In this instance the Colonization Manager has disposed of the land under a ten year contract to a veteran for One thousand seven hundred and six dollars and seventy-five cents ($1,706.75) which includes Six hundred and fifty dollars ($650.00), the cost of levelling the land to make it suitable for irrigation. The estimated cost of the irrigation works is Seventy-five dollars ($75.00) per irrigable acre which is shared between the dominion and the province, the latter paying approximately Thirty dollars ($30.00) per acre, while the purchaser is charged Ten Dollars ($10.00) per acre for the water right. In addition the development administration will provide various services for their settlers. There will be a very heavy loss in providing the irrigation works and colonizing the land and in order to obviate the necessity of the Colonization Manager selling the land at a higher figure which would be the result should payment of these federal advances be required, I recommend that it is account be written off and the liens discharged. Such a policy would react mainly to the benefit of veterans, who as prwviously stated, receive preference from the Colonization Manager.

OTTAWA - 6th August, 1924.

THE HONOURABLE CHARLES STEWART,
Minister of the Interior,
O t t a w a.

MEMORANDUM:

Request for Transfer of Dominion Lands.

Re: James Post - No. [illegible]167,
N.W.¼ 10-21-3-W.5th M. - Med.

The above named settler secured advances from the Board totalling $[illegible]7.., the Board taking a charge upon his unpatented homestead above described. Until he has discharged, patent to the homestead cannot be issued to the settler until his indebtedness to the Board has been fully discharged.

From Mr. Post recently we have received a request that patent to his homestead should be issued in favour of the Board. Mr. Post states that he has completed all duties in connection with his homestead and would be entitled to receive patent therefor were it not for our charge. This is confirmed by the letter from the Assistant Secretary of the Department to the settler, dated September 15th, 1922, copy of which is attached hereto.

In order to enable a settler to negotiate a sale of land in spite of this charge, Special Regulations were promulgated by the Board and approved by the Governor in Council on the 4th day of June, 1921,(P.C.1041), which enables the Minister, on completion of duties by the settler and on the request of the Board, to vest the settler's right, title and interest in the unpatented land held by him in the Board, title remaining in the Board until the settler's indebtedness to it has been repaid. Under the provisions of these Regulations, the Board hereby requests that the right, title and interest of His Majesty in the N.W.¼ of 10-21-3-W.5th M. be vested in the Soldier Settlement Board. The Vesting Order covering same is attached hereto for the Minister's signature.

Respectfully submitted,

The Deputy Minister of the Interior

JAN 31 1913

Ottawa. 27th January, 1913.

MEMORANDUM,-

The papers, herewith, have reference to the case of one W. G. Atkinson, who would appear to have acquired three homesteads, two of these were acquired in a legal way many years ago, but his third homestead, the North-West Quarter of Section 2, Township 50, Range [illegible], West of the 4th Meridian, was attained irregularly, as the law never permitted of the granting of three homesteads. However, it seems that Mr. Atkinson received word from one of the previous Ministers that he would be allowed to make a third entry. There is no record on file as to such permission ever having been granted, but the Honourable Mr. Rogers was rather of the impression that Mr. Atkinson, throughout his transactions with the Department, did not intend to commit any fraud but acted rather in ignorance of the law. He ruled in the month of October last that the Department should obtain a valuation as to what the land which Mr. Atkinson occupies is worth, so that it might be sold to him, instead of allowing him to abandon his homestead to his brother, as was proposed. Mr. Atkinson has put in all the necessary residence, as well as considerable improvements and has been in occupation of the land for the last six years. The Inspector has now sent in a report in which he values the land at $4.00 per acre, and, under all the circumstances, I think that the Department would be justified in allowing the entrant to purchase his homestead at that price.

Respectfully submitted,

Deputy Minister.

Minister of the Interior,

Sir-

I beg to acknowledge the receipt of your letter of the 1st. ultimo, and in reply I am to say that according to the records here the South East ¼ of Section 18, Township 44, Range 5, West of the 4 th. Meridian, is the homestead of Mr. W.H. Williams, entered of on the 29th. of March 1906, therefore it would appear that your application to homestead this land, made on the 3rd. of May last, was not successful.

It is noted that you claim to have written to the Agent at Battleford, and the Sub-Agent at Lloydminster several times asking whether your application had been accepted, but no reply was received from either. It is not understood why your application made on the 3rd. of May 1906, to homestead a quarter section of land which was already entered for , was not attended to before the date of your letter, and a copy of this letter is being sent to both of the above mentioned agents and they are requested to explain to cause of the delay. They are also requested to render you every assistance to procure a homestead at an early date.
